

Night Before Christmas

It was the night before Christmas and all through the Garage
Protects were waiting, Ford, Lincoln and Dodge

The Tools were there all lined up on the Shelf
Some of their functions were not known, even to myself

If there is a Tool shortage, they would do well to look right here
Since we have a bunch that we think are dear

So what can Santa wrap up in a box
I am certainly not looking for Underwear or Sox

Maybe he has a surprise I said to myself
When I heard a noise, looked around and there was an Elf

He said you would be surprised what I can do in your Shop
I can wrench and clean and do it non stop

It was then that I woke up and found in my Fist
A wrinkled up copy of my Honey Do List

Merry Christmas!
